

Marron Jupiter

from Strata Tiles

Natural Stone Range

Welcome to Marron Jupiter

Strata Tiles is renowned for going the extra mile to source the highest quality products for today's contemporary design application. Strata Tiles beautiful marble collection is no exception.

Extracted from selected European quarries our Marron Jupiter Stone has been certified by independent stone consultants as a good quality limestone suitable for use in commercial application.

Marron Jupiter's dark grey/ brown tones and strong white and gold veining suggest the stones use for high end luxury projects.

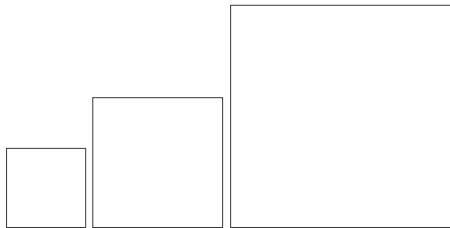

Technical Information

Marron Jupiter is a natural stone product in honed and polished finishes. Each tile is unique in colour and tone due to being a natural mineral. Check with Strata Tiles for professional cleaning standards.
