Spochelli

A portfolio of white and black disc shaped tiles with supporting spacers, Spochelli creates a rhythmic effect that looks fantastic in wet rooms or living spaces..

With the option of adding one of a number of supporting 'inserts' the finished result is completely up to you!

Add a dot, a circle, a spiral or solid colour, and your wall becomes a personalised space to complement your surrounding decoration.

Olianni

Elegant dew drop and kite shaped tiles with additional spacer inserts make Olianni a rich finish for the design conscious.

Fino

Stunning shapes make up FINO. A short palette of white, cream red and black complete this contemporary range that effortlessly mould together to provide a scale like finish.

Bonnici

Bonnici always deserves a double take as the undulating curves draw ones attention to the unique rolling finish. This beautifulo tile comes in a selection of concave and bevelled finsihes which when placed together, provides a rich sheen across a surface.

Available in the following colours.

iiami

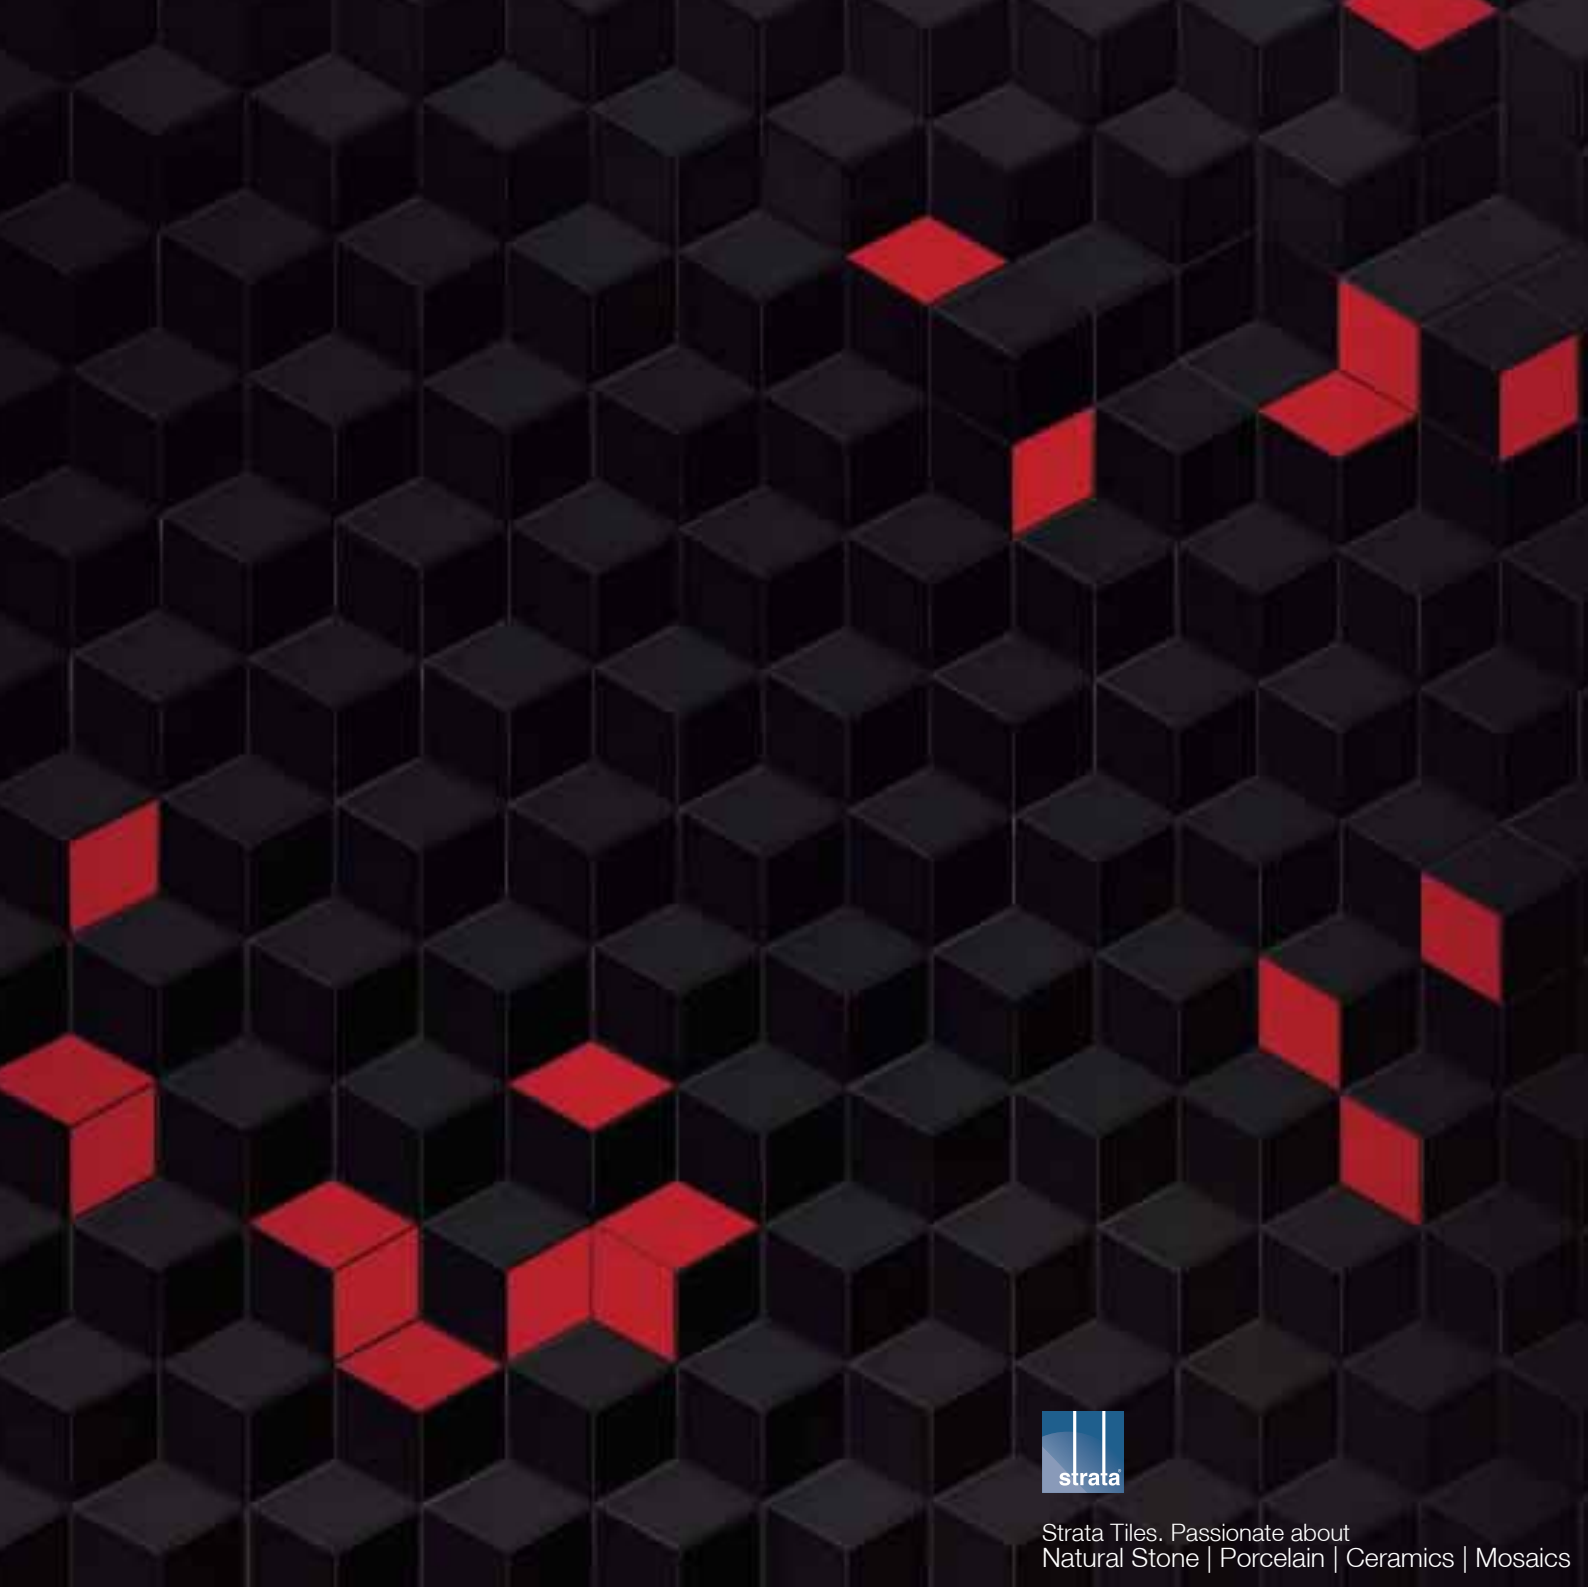

A favourite with designers, iiami plays with the optical illusions created through the collection of geometric shapes, cubes and diamonds.

A delicate palette and gentle design leaves a subtle and lasting impression that will lift a room and generate instant ambience.
